

Testimonials for Apex Window Films

"I just wanted to take a moment to tell you how thrilled I am with the results of my new window treatment.

As you remember, my purpose for calling Apex was to see if tinting my windows would alleviate some of the symptoms I was having in regard to my constant migraines. After three years of treating them, I knew I needed to research the cause, and noticed that every morning as I sat down for my coffee and looked out the windows at my pond the migraines started. Light sensitivity appeared to be the trigger for them.

At your initial consult you made a recommendation as to which level may be effective, yet unobtrusive to the eye. Your installer, Mike, came out within a few days of our consult, and within a couple of hours I was noticing a difference. (Actually, my Mom lives with me, and she was so impressed she had him do her bedroom window as well!)

I am ecstatic to report that I have not had a migraine since the installation of the film, and that is nothing short of a miracle. The only regret that I have is that I didn't figure this out sooner!

Again, I want to say thank you for a great job done, and please feel free to have any potential customers give me a call, should they need a recommendation. I am more than thrilled with your professionalism, pricing, and the speed at which this was all accomplished!"

- Sue

"Dan & Mike (Apex professional installers) were very professional, prompt and courteous. These young men were pleasant and left us with very few questions because they explained everything very well and in terms we could understand, especially care and cleaning processes.

Overall, a very pleasant and professional experience."

- Dennis, Rome, NY

"I recently purchased a contemporary home on the water. The fact that the house had seventy-seven windows was a "good thing" in that the waterfront views were spectacular. But when we furnished the home with leather furniture, artwork, and new floor coverings, a couple of sunny days got me wondering as to whether all my improvements were going to survive.

Enter J. French and company. Not only were his associates friendly and courteous, but their execution was swift. Scheduling was a breeze with timeframes adhered to. Due to the range of product offered,

they were even able to give me more "security" from my prying neighbors on the one side of the property, a major plus in my book.

I was truly surprised as to just how much more "livable" the film made our new home. It was not until the film was installed that I realized how much I was squinting during sunsets and sunrises. The film takes a major strain off the eyes. not to mention the overall air conditioning bill. We proceeded to have custom window coverings installed for evening privacy, but having the 3m product working during the day has truly made our home more enjoyable."

- Randy

"Outstanding, they contacted me a couple of times to arrange the installation and to let me know that the installers were running a little late on installation day. So far we are very pleased. "

- Jim C., NY

"Sales and office staff very professional, answered all questions, and gave price on first visit to home installers where also excellent, neat clean in appearance. Left work area spotless. Made sure all the furniture was replaced to its original place. They always took their shoes off. Just an outstanding experience all-around."

"Both Dan and Mike were very professional and did a great job. We are delighted and look forward to being a reference customer."

- Howard L., Lodi, NY

"Thanks for your help in accommodating the needs for the Hobart and William Smith Gallery Renovation. I wasn't sure the work could be done in such a short time frame over a holiday weekend but I was pleasantly surprised. From the images I have seen the film looks great. Thanks again."

- Peter R., Rochester, NY
